Education

University of California, San Diego

PhD student in Earth Sciences

Advisors: David Sandwell & Sarah Gille

Master of Science in Earth Sciences

La Jolla, USA

August, 2018 – now

August, 2018 - January, 2020

Wuhan University

Master in Geodesy and Geomatics Engineering

Bachelor in Geodesy and Survey Engineering

Advisors: Zhicai Luo

Wuhan, China

September, 2015 - June, 2018

September, 2011 - June, 2015

Academia Sinica

Visiting Student

Advisor: Benjamin F. Chao

Taipei, Taiwan

November, 2016-March, 2017; October, 2017-February, 2018

Publications

Yu, Y., Chao, B. F., García-García, D., & Luo, Z. (2018). Variations of the Argentine gyre observed in the GRACE time-variable gravity measurements and Ocean Altimetry, *Journal of Geophysical Research, Oceans*, <https://doi.org/10.1029/2018JC014189>.

Tanaka, Y., Yu, Y., & Chao, B. F. (2019). Gravity and geoid changes by the 2004 and 2012 Sumatra earthquakes from satellite gravimetry and ocean altimetry. *Terr. Atmos. Ocean. Sci.*, 30, 531-540.

Chao, B. F., Yu, Y., & Chung, C.H. (2020). Variation of Earth's Oblateness J2 on Interannual-to-Decadal Timescales: Climate Connections, *Journal of Geophysical Research*, *under revision*.
